My dear Sam:

Yours of 8th arrived last evening and have read it with close attention. I do not see that there is anything special that has not been covered by Telegrams, or letters on the way. I shall be glad to receive your letter within on 8th so that I will post me ^{in detail} up to date of last telegram. I understand from the latter that there will be postponement of both advertisement and sale for 30 days - the latter falling about 16th of Sept. Please advise me specifically on receipt of this of the exact date of each - advertisement and sale - joining me if you think it necessary.

You have made everything very clear in both letters and telegrams, and it seems that "Eagle" now Senator Stewart cautioned me of several particulars which I must look into before we settle with the Dalys - one feature of California law which I did not know to wit - a judgment against a man binds subsequently acquired property for two years - and I want to know if my lien attaches to the property while in either

the Daly or Cornell names. Please say nothing to anyone about this until I get there. But this is one of the things I wish to look into. Goodwin certainly should have looked to this, but you know how many features of the situation have been overlooked.

I enclose a letter rec'd. yesterday from Geo. R. that you may understand exactly how he feels. Please return it to me sometime, but I have replied to it and asked him how he would like a light clerical position with you until winter comes on. Perhaps by that time Stanford will throw up his lease. If you think well of it you might write Papa.

Mamma and all would be glad to hear from you but I have reported constantly my news and explained how busy you are. Financial matters are in a bad fix in this city. There has been within the past year great absolute loss, and still greater shock if we may borrow a modern medical term.
